Sr. No		Panel	Location/Place	To Do	Status	Comments
1		Frontend	default page			images taking long to load
2		Frontend	Bottom Left corner	Integrate live weather using HOBO API.		
3	**Priority**	**Frontend**	**Team Members**	**the '+' icon interrupts the flow of the description. could you let me after what text characters does the '+' icon appear. this issue of '+' icon interrupting the flow of description is common across the whole site - we need to find a way to fix position of the '+' icon so that it does not interrupt the flow of information**		
4		Frontend	Characterisation services	the log in/sign in link for the PDF tool can be provided at the bottom of the page		
5		Frontend	Reports	as discussed, I was unable to log into my account - even though a new User was registered in the back end; please check this functionality		
6	**Priority**	**Backend**	**Team Members**	**in the team member descriptions, we can have icons for gmail, ORCID ID etc. moroever, we also need to link the member's gmail id to the respective icon ICON to be next to the team member's name**		
7	**Priority**	**Backend**	**Team Members - "Occupation"**	**please change "occupation" to "Designation"**		
8	**Priority**	**Backend**	**Team Members**	**Add two new fields for "joining" and "leaving"**		Sample image
9		Backend	R&D Training	we need functionality to add new projects		
10		Backend	Resources - Conference Papers, Journal Papers, Reports, Guides, Directed Research Projects	we need to add link to web article Or add PDF of the document. can we have an icon at the side of the title which could redirect the User to the web article or download page?		
11		Backend	Resources - Conference Papers, Journal Papers, Reports, Guides, Directed Research Projects	we need functionality to upload PDF of the respective documents - currently there is functionality for uploading a cover image
