

# The Dynamics of Energy, from the Need to Indiscriminate Use

## CARBSE Lecture Series

### Shubhashis Dey

Associate Director,  
Energy Efficiency at Shakti  
Sustainable Energy Foundation

**Thursday**

**Sep 10, 2020, 5:30 PM IST**

The lecture will outline the use of energy that helped the human race to move from being hunter-gatherers to the current societal form. It will narrate the impact of indiscriminate use of energy, that has potential to de-construct our current social framework. The lecture will focus on buildings and cities.

Shubhashis is a climate change and energy efficiency expert with experience in providing advisory services to governmental agencies, multilateral / bilateral organizations and business in India, Indonesia, Nepal, Bhutan, Bangladesh, Mauritius, Malaysia, Thailand, Singapore, England and Jordan. He is Associate Director – Energy Efficiency at Shakti Sustainable Energy Foundation.
