

Training Program on Innovative Construction Technologies & Thermal Comfort in Affordable Housing

Training of Trainers Program at CEPT University, Ahmedabad on 11, 12, and 13 August 2022

Under the project 'Training Program on Innovative Construction Technologies & Thermal Comfort in Affordable Housing' within CSB, Center for Advanced Research in Building Science and Energy, CRDF, CEPT University is offering training programs on thermal comfort for affordable housing called 'Resilient, Affordable and Comfortable Housing Through National Action (RACHNA)'

Registration form for Training of Trainers Program - Module no. 25

Date: 11, 12, and 13 August 2022

Venue: CEPT University, Ahmedabad

This program is designed to train and identify a cadre of professionals capable of teaching or conducting seminars, workshops, and more on thermal comfort in affordable housing. The participants will be provided in-depth knowledge of the subject and trained with skills necessary for knowledge dissemination and capacity building. Upon successful completion, participants will be certified as trainers in thermal comfort for affordable housing.
